Facts for your Success

- Action-driven series for tweens, teens and families
- Spectacular underwater scenes, shot on Australia's Gold Coast
- Award-winning, global smash hit sold in over 140 territories

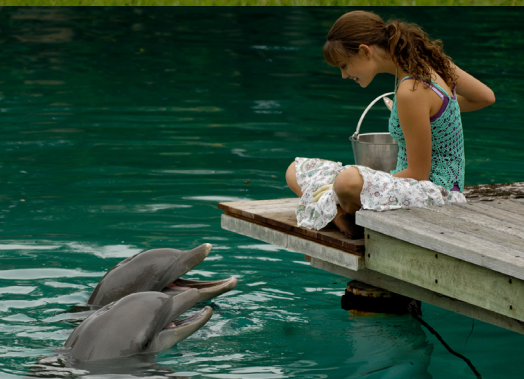

Season 1

Three sixteen year old girls – all different – and all growing up fast. But since when did growing up involve turning into mermaids and getting strange powers? Three teenagers' lives will change forever, but they'll also learn more about their own potential and the power of friendship.

When you're growing up on the canals next to the sun-drenched, northern Australian beaches, nothing is worth stressing about. Cleo is slightly insecure – she would love to be Emma's best friend, but she's always trying too hard. Emma's confident and athletic. She's been swimming competitively since she was very young and she's disciplined and focused. For the girls, life revolves around clothes, the beach, and boys – with school as a minor distraction. Then, one day, Emma and Cleo meet new girl Rikki, and the power they discover together, changes their lives forever.

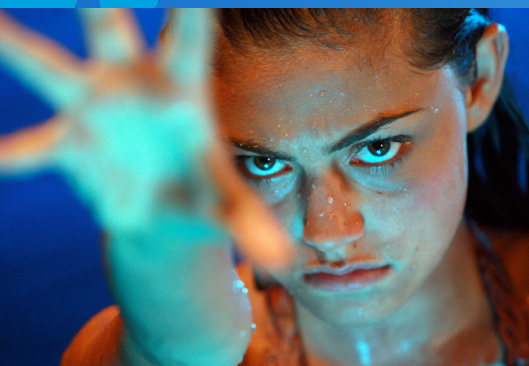

Season 2

Until H2O – Just Add Water, mermaids belonged to the realm of fantasy and fairy tales. But ever since three Australian girls found out that they were genuine mermaids, the teen world has never been the same again! Sold in over 160 territories worldwide, the award-winning series has found millions of devoted fans and stands out with its spectacular underwater photography.

Emma, Cleo and Rikki are growing up on Australia's sunny Gold Coast. One day, while on mysterious Mako Island, they end up trapped in a cavern concealing a pool of water. As they enter it, the light from the full moon creates a mysterious glow in the water. At home, the girls notice that if water touches them, they only have seconds to dry off before long, elegant tails appear. They've become mermaids! What's more: they also have magical powers! While the girls enter a wonderful underwater world, their powers prove to be both a boon and a bane to them in their everyday lives.

It's nearly the end of the holidays and Cleo and Rikki are about to face their last year of high school without Emma, who has gone overseas. Together with Lewis, they're confident they know everything there is to know about Mako Island. But when water attacks the girls on a full moon, they realise a new, potentially dangerous force is developing on the mysterious island, and a boy with freakish free-diving skills who stumbles upon the Moon Pool could hold the key to understanding the powerful energy...

Thankfully they find an ally in Bella, a new girl in town who reveals an equally surprising twist: she too is a mermaid with extraordinary super powers. Together, the new trio face phenomenal challenges as they discover the dark secrets of Mako Island and realise their destiny as mermaids.
