**SCREAM STREET IS THE WICKEDLY FUNNY, COMEDY FOR KIDS. SET IN A WEIRDLY WONDERFUL COMMUNITY OF SO-CALLED MONSTERS - WHERE BEING A LITTLE DIFFERENT IS PERFECTLY NORMAL.**

## ABOUT THE SHOW

"Scream Street" follows the wonderful, funny and slightly tangential world of a community of so-called monsters; it's home to families of werewolves, vampires, mummies, zombies, witches, goblins and, even the odd (very odd!) human too. The show is adapted from the best-selling book series of the same name.

This spooky-comedy focuses on the core teen friendship group of Luke Watson (reluctant werewolf), Cleo Farr (a teenage mummy) and Resus Negative (a wannabe vampire). Their extended friendship group includes an apprentice witch (Luella), a surfer-dude zombie (Doug) and, latterly, the newest addition of Six, a Frankenstein-esque super-athlete.

Stories are told with heart and warmth and always with fast-paced comedy at the fore; delivered through sharp, witty dialogue and physical comedy. There's plenty of action too as we see our trio outwit and battle all manner of foes and villains that are just part of the every-day adventures of living in "Scream Street".

The series also captures those challenges and tribulations of teen friendship groups; fall-outs, BFF's, first-crushes, acceptance and inclusion. A recurring narrative is the importance of being who you are, but the themes and messages are delivered with plenty of humor, wit – and some kick-ass moves too!

Technically this award-winning series is at the premium, cutting-edge of stop-motion animation, evoking the style and ground-breaking techniques of "Coraline" and "The Nightmare Before Christmas"; but all delivered with a lightness of touch appropriate for kids.

## KEY WORDS

ADVENTURE, SPOOKY-COMEDY,  
MYSTERY, FRIENDSHIP

# LUKE WATSON

IF THE ROOM WAS LOCKED...  
...LUKE WOULD GO IN BECAUSE HE COULDN'T  
RESIST THE ADVENTURE.

Luke is mischievous with a taste for fun and adventure. He's much like any other young teenage boy – except Luke is a werewolf. Yes, all teenagers act out from time to time, but when Luke gets angry he turns into a werewolf. When he's a werewolf he's out of control and a potential danger to all those around him.

Luke is really blossoming in Scream Street, where being a little bit different is totally normal. He can be himself and he's got a great group of close friends. Cleo and Resus would do anything for him.

Luke may love life in Scream Street, but not everybody does. His parents moved them all to Scream Street to keep Luke safe. But his dad is clearly terrified of all the other unusual residents – and would, often, rather be anywhere else.

Luke can perform partial werewolf transformations – but hasn't quite mastered it. So when he wants werewolf arms, soemtimes he gets werewolf ears.

# CLEO FARR

IF THE ROOM WAS LOCKED...  
...CLEO WOULD GO IN BECAUSE SHE DIDN'T  
BELIEVE IT WAS REALLY DANGEROUS.

Cleo is a feisty, 4,000 year-old teen mummy. The upside to being that old is that she's seen more and done far more than anyone else her age ever has. She's had plenty of time to master all sorts of skills – she's a martial arts expert and comes top in almost every subject at school. The downside is that when she makes friends she watches them get older whilst she stays a teen forever.

She's very close to Luke, Resus and Luella and is forging a new friendship with the latest Scream Street arrival, Six.

Cleo is virtually indestructible – her vital organs are kept in jars in a safe place. She can be bitten, slimed and electrocuted but she'll always be ready for more. At the same time she is vulnerable, particularly if someone tracks down the casket that stores her heart. To find out what happens if her bandages are slashed by werewolf claws, don't miss Season 2's 'The Screamworm'.

Cleo has a strong sense of right-and-wrong. She's right. The boys are wrong.

# RESUS NEGATIVE

IF THE ROOM WAS LOCKED...  
...RESUS WOULD GO IN BECAUSE HE DOESN'T WANT  
PEOPLE TO KNOW HE IS **SCARED**.

Resus comes from a long line of vampires, but due to a genetic quirk is not a fully-fledged vampire himself. Whilst he is of vampire lineage, he has none of their obvious powers – at least none of the cool stuff. In series 1, he can't turn into a bat, can't speed blur and does have a reflection. Resus hates nothing more than being called a 'Shampire'.

Series 2 sees Resus more determined than ever to become a proper vampire, and when Luella finds a spell that will turn him into one, he will stop at nothing to make it happen. Unfortunately the ingredients required include the dust from a tooth fairy, and this being Scream Street, all the tooth fairies here are less-than-sweet. His quest to become a vampire ends up putting all the residents in serious jeopardy.

But Resus does succeed and now he can speed blur, and turn into a bat – unfortunately his new vampire powers aren't much use as he's so uncoordinated that he's always crashing into walls. He can no longer see himself in a mirror, but he remains the same cautious, sarcastic teenager that we've come to know and love.

# SIX

## NEW CHARACTER SEASON 2

All the lights go out in Scream Street as new resident scientist Dr F re-routes the power to bring to life her new creation: 'Six'.

Six is a teenage Frankenstein-esque monster, created from brilliant athletes; so she is as talented as she is mixed up, because everything in the world is new to her! Six can beat Luke at an arm wrestle – even when he goes wolf hand – but she can easily run out of power, and needs to be plugged back in.

At first Six is seen as a potential threat to Luke, Resus and Cleo, but as they get to know her she soon becomes their good friend.

Dr F named her 'Six' as she's the latest in a long line of creations, and Dr F does not want to grow too attached to her.

Otto thinks Six was created to help him win the annual Monsterball competition, but Dr F has altogether much bigger plans for her creation, which we find out about in the dramatic season finale.

## NEW CHARACTER SEASON 2

The Watsons have a secretive new neighbour who seems to use an awful lot of electricity. Step forward eccentric scientist 'Dr F', with her manic laugh, together with her new creation 'Six'.

Otto has supplied Dr F with a lab because he wants to use her scientific genius for his dodgy schemes. Otto thinks she is just working for him, but she most definitely is not – she is using the lab for her own nefarious purposes.

Over the course of this new series, Dr F fine-tunes her creation and trains her up for a mission so terrifying she won't let anybody know about it – not even Six. A mission that involves Dr F's dodgy past in a parallel universe.

At first she's very cold-hearted towards her young monster creation, but her attitude eventually thaws. Maybe Dr F isn't entirely evil after all.

Dr F is an austere and dead-pan new antagonist for Scream Street – literally adding a whole new dimension to the storylines.

# DR F

# DOUG

Doug is a surf-dude zombie slacker and by far the most laid back member of Scream Street. He can often be found staggering about looking for his rotten limbs, which fall off with alarming regularity.

Doug is a big fan of Luke, Cleo and Resus, and always up for lending a hand – or the whole of him if that's more help, although he tends to fall to pieces under pressure – literally.

Like most zombies back from the dead, Doug is a great digger, and he loves to hang out in his hammock in his underground pad, chillaxing to the sounds of 'Brain Drain', while drinking a long cool glass of spinal fluid.

Doug is the local postman / delivery man. No one is surprised when his hand will punch through floorboards with someone's letters or indeed with a package marked 'very fragile, handle with care'. Apart from Mike...

He often hangs out with Dig, (hence 'Dig and Doug') but Dig is not Doug's dog – "ownership is such a negative concept man. Nobody can 'own' a free spirit, Dude."

Doug is a chilled character but he does get worked up about video games which involve smashing up zombies: "So not cool!" Don't miss Season 2's 'Zombie Smash-Fest'

# LUELLA

Luella is Eefa's niece – a young trainee witch, who is shy, introverted and goth-like. She works in the Emporium as Eefa's trainee – but she's not a very good one. She doesn't pay great attention to detail and it's a really bad idea to get even one ingredient wrong in a spell.

Luella has a serious crush on Resus, and will do just about anything for him. Luella may be very shy but she is still capable of huge rages – particularly when she feels wounded by Resus.

Luella bonds with Cleo after a great summer break, and is not delighted when Six seems to muscle in on their new friendship. Don't miss Season 2's 'Cabin in the Woods' to find out what happens. And in Season 2's 'The Witching Hour' we also meet Luella's mother, Dahlia, a showbiz witch who's now keen for Luella to join her on tour as her assistant.

# DIG

Dig is a half-dead dog. His front half is a dog, his back half a skeleton. In cross section he's like a swiss roll, with a central hole where his guts end, a ring of flesh, then a ring of fur.

If he eats anything it comes straight out of the hole in his guts still in tact. It hasn't been digested at all. This means he can eat the same biscuit again and again... and again.

Dig is technically Doug's dog, but he's a law unto himself, roving Scream Street and hanging out with whoever's having the most fun – which is invariably Luke, Cleo and Resus.

Dig's quite smart for a dog, pretty fearless (well he hasn't got much to lose), and always up for helping out. He is as lovable as he is hideous.

As his name would suggest, Dig loves to dig.

# THE FAMILIES

## BEWARE OF THE WEREWOLF

**THE WATSONS**  
SUE, MIKE AND LUKE

The Watsons now live at number 13 Scream Street. Unlucky for some? Yes – for the Watsons. Outside Number 13 is a sign: Beware of the Werewolf.

The Watsons made their toilet into a sort of Luke panic room. Steel re-inforced door and lots of locks. Now they (particularly Mr Watson) spend much of their life in there. Before it was just Luke they had to worry about – now everybody seems like a monster and it can be scary.

They know they've done the right thing by moving here and they don't regret the decision but it doesn't make the reality of the situation any better. They are however doing their best to fit in... for their son.

**THE FARRS**  
NILES AND CLEO

Cleo's dad, Niles Farr, is a single not-so-bright parent. He's a former pharaoh but like almost all Egyptian Mummies he had his brain removed when he died. Niles is a go to for slapstick silliness. He's devoted to Cleo and always trying to look out for her – but his lack of brains means she's basically looking after him.

**THE NEGATIVES**  
ALSTON, BELLA, RESUS  
AND LULU THE LEECH

Resus' parents come from the finest vampire bloodline. For generations, all the Negatives have been pure-blood vampires and now by being a 'normal', Resus sometimes feels that he is a source of disappointment to the family – and vampire families are huge as most of the generations of relatives are still alive (or rather 'undead').

Luke borrows some of Eefa's magic cleaning powder as a quick fix solution. But Otto, overhearing Luke and Eefa, comes up with a master plan to steal the magic powder and create the ultimate cleaning machine. Luella brews a potion which accidentally causes Mrs Negative to fall in love with Otto. Otto forces Luella to make a batch for him to sell to the town, but Luella's dodgy recipe has an unwanted side-effect - Mrs Negative has turned into a quivering lump of love struck Jelly! Luella attempts to dispose of the potion in the Emporium's fire, which causes it to explode. The whole town is now going love sick, a hungry Mr Crudley is threatening to scoff Mrs Negative, and Luke is turning into a werewolf. How will Luella and Resus get out of this mess?

Luella tries to cheer Resus up and 'accidentally' traps the lead guitarist's head in a drain making room for guitar mad Resus to step in as a replacement. The fame goes to his head and his ego soars. Luella, mad at Resus for ignoring her since his rise to fame, casts a spell for bad weather and accidentally causes the normally placid Scream Street zombie Brain Drain fans to turn into rabid zombies, hungry for flesh. Now Resus really needs his friends, but will they be there for him?

# HEARTBREAK HEIST

Dixon tells Otto, who hatches a plan for Dixon to sneak into the Farr's house. Dixon finds what looks like an ornate box and steals it. Turns out to be Cleo's heart in the box!

Cleo becomes horribly sick. The boys track the heart down to Otto but he threatens her life if they cannot tell him where the treasure is hidden. Unfortunately, Niles can't seem to remember where he put it. Turns out the Farr house is just the tip of a pyramid and the boys help Niles to track the treasure down to the house's basement, only to find it was stolen long ago and Niles had forgotten. Cleo is getting weaker. There's a big fight at Sneer Hall - can the usually useless Niles save the day?
