2ND SEASON

1.1 The Story

For 17 year old Alex Wilson life couldn't be better. Having finally mastered being the Princess of a magical kingdom and her real life and schoolwork, Alex finally has everything under control.

So she's moved house, and her sister Zoe is at boarding school. Alex and her best friend Amanda have been accepted into a highly prestigious music program at a new school. With the addition of a great new drummer, Taylor, they're on a fast track to fame and fortune!

As far as guardian elephants are concerned, Anala is as great as they come and remains a loyal magic protector to Alex, and a well kept secret from Alex's parents.

Despite some conflict with Veronica, a rival musician from school – who also happens to be Taylor's ex, Alex is feeling good. Who says you can't have it all?

But things are about to change. Alex's rule of the kingdom of Manjipoor is troubled by the magic return of DIVA. And this time Diva is not alone.

She has recruited the handsome Caleb and his sister Zamira, who are friends of Kuru's from his childhood. Playing on their unfortunate circumstances, Diva enlists Caleb and Zamira to help her uncover the forbidden evil of Dark Magic and overthrow the Princess.

When Caleb and Alex meet, they quickly fall for each other. As their relationship develops, Caleb is torn between his ambitious deal with a dangerous witch and his genuine feelings for Alex as a star crossed love is born.

Diva's quest relies on the mysterious Book of INOK which details all the secrets of Dark Magic. But Alex isn't about to just give up it up. She brings it back to her world, along with Caleb and does her best to protect it. In an attempt to protect those he loves most, Caleb reads The Book and gains Dark Magic powers. In doing so, he gains unrivalled abilities, beginning a process more dangerous than he can handle.

As the threat of Dark Magic grows more powerful, Alex finds her good magic is no match (and is confronted with the reality that Manjipoor is no longer safe).

Alex has to fight and defeat Dark Magic before the barrier between the two worlds is broken. Suddenly the fate of two worlds rests on Alex...

Episode 1 – Enemies Unleashed

While Alex and Amanda find a new drummer in the real world (Taylor), Kuru runs into trouble from a gang in West Manjipoor. Alex comes to help Kuru and meets his childhood friends, Caleb and Zamira.

Caleb and Alex help Kuru against the gang but when the visual disturbance turns into a black hole, unexplained forces fire up. The black hole starts sucking in anything it can – leaves, dust, even some of the Gang Members! Alex gestures at the heart of the shimmer and the disturbance disappears.

Alex, Caleb and Kuru leave, unaware that the disturbance reappears and has stabilised. Zamira has seen everything and explains to Caleb that these ruins are actually the tomb of Dark Magic. Dark tendrils of smoke emanate from the shimmer and reveal... Diva! What have they done?

Veronica gives Taylor an ultimatum - if he plays with Alex and Amanda, their relationship is over. Will he choose to play drums in a band and lose his girlfriend, or mix the sound for his girlfriend's band?

Playing on their unfortunate circumstances, their family's chequered history with Dark Magic and her disregard for the Royal Family, Diva recruits Zamira and Caleb into her quest for Dark Magic and revenge on Alex. But Caleb isn't so sure about this.

Episode 5 – Star Crossed Lovers

Even though Caleb is getting better, and is getting along well with Alex, she wants to cool off their relationship and doesn't think he should come to the band's gig.

When Caleb suggests he'll return to Manjipoor, Alex doesn't object and he takes this as a sign that she feels nothing for him.

Caleb begins to read The Book but stops, aware of his choice between this or Alex. Veronica interrupts and brings him to the gig in an attempt to make Taylor jealous. It doesn't work.

However, it does make Alex realise how strongly her feelings for Caleb are. As Kuru and Zamira spend time together, they return to their roots as best friends from West Manjipoor. But is that all they'll ever be?

Episode 6 – Double Trouble

Desperate to know why Diva wants The Book so badly, Alex plans a trip to Manjipoor but Caleb refuses to let her go without him. So Alex turns Amanda into her double, “Alex”. “Alex” looks like the real Alex but inside it is really Amanda, who is tasked with keeping Caleb occupied.

After “Alex” grills Caleb with questions about his relationship history, Caleb figures out who he’s really dealing with and decides to have a little fun. But when things go out of hand “Alex” bails, losing track of Caleb.

Meanwhile, Alex seeks answers about The Book from Zamira, who is resentful toward Alex’s Royal Family and of little help. Alex and Kuru go to the Elephant Temple Ruins and discover that The Book is linked to the ruins and may contain the ways to control Dark Magic. They must protect The Book so that Diva never gets it.

Episode 7 – Secret Love

Caleb's place in the real world is distracting Alex from schoolwork and her band, so she decides it's best for Caleb to go back to Manjipoor.

Before he leaves, Caleb secretly reads The Book, but returns empty handed, which infuriates Diva. In an attempt to protect Alex, Caleb goes to the Elephant Temple Ruins and performs a ritual to gain Dark Magic powers which grants him super strength.

Caleb uses his new powers against the local gang, but it isn't until he sees them the next day that he remembers the fight. Caleb begins to wonder if he got more than he bargained for.

Without Caleb, Alex is distracted and struggles to study for her music theory exam. Amanda tries to help Alex focus but realises she belongs with Caleb.

Episode 8 – Love Your Enemy

For their music assignment, bands must write an original song. When Veronica's group can't write theirs, she steals the recording of Alex's band's song, replaces her vocals for Alex's, and tries to claim it as her own.

The truth is revealed and Veronica faces expulsion as punishment, but in an unexpected turn Alex begs the teacher to give Veronica another chance. Veronica still struggles to write an original song, until Alex puts their rivalry aside and helps her succeed.

In Manjipoor, Caleb practices his Dark Magic, while Diva and Zamira begin to suspect he has feelings for Alex. Zamira tries to get closer to Kuru, in an attempt to get The Book back to Manjipoor and in her reach.

Episode 9 – The Secret Admirer

Zamira finds out that Caleb has been reading The Book and gaining Dark Magic. Despite the great danger this puts them in if Diva found out, Zamira helps Caleb gain a new power – to jump between worlds.

Caleb uses this power to secretly come to the real world and protect Alex from Todd, a friend of Veronica's who's interested in Alex.

Though Alex is happy when Todd leaves her alone, she's completely unaware of Caleb's dark secret. Now Zamira plays the dangerous game of keeping the truth about Caleb from Diva, at a time when Diva's suspicions are rising.

Episode 10 – Tangled Web

When Caleb comes to the warehouse in secret to read The Book, Taylor almost catches him. In an attempt to conceal his identity, Caleb transports Taylor to Manjipoor, where Taylor gets lost.

Alex and Amanda are concerned when they can't find him anywhere. But it's not long before Diva captures Taylor, and upon finding out he's a friend of the Alex's, she tries to use him as a bartering chip to get The Book.

Alex goes to Manjipoor, prepared to make the exchange to save Taylor, but before she has to, Caleb discreetly uses his powers to save Taylor. Caleb doesn't reveal his secret to anyone, but Diva is certain someone is using Dark Magic. Back in the real world, Taylor knows Alex's secret!

After Caleb loses Taylor he goes to Zamira for help, and though she's frustrated by Caleb using his powers so carelessly, she tries to help Taylor, but only winds up in the middle of Diva's plans.

Episode 11 – Welcome To My World

Unhappy at spending so much time apart, Alex invites Caleb to live in the real world permanently. Much to Kuru's concern, Caleb accepts the proposal. But Zamira insists on staying in Manjipoor where Caleb can't protect her from Diva.

When Diva threatens Zamira's safety, Caleb uses his Dark Magic and not only reveals his secret to Diva, but that he's not scared of her either.

Caleb can get The Book, and uses this to gain power over Diva and keep Zamira safe. When Alex and Taylor get invited to Veronica's birthday party, Amanda is left off the guest list.

After pretending she doesn't care, Amanda goes to the party as Taylor's guest, but Veronica doesn't make her welcome.

Episode 12 – Exposed

While Alex gets excited about Caleb coming to live in the real world, he is busy keeping his Dark Magic secret from her. Diva learns that Caleb has fallen for Alex and sends Zamira to tell Kuru about Caleb's secret powers.

Caleb has betrayed Alex and when Kuru confronts him about this, a fight breaks out between the two boys. Seeing Kuru's injuries and hearing his suspicions gives Alex suspicions of her own about Caleb.

Alex lays a plan and catches Caleb with The Book, red-handed. Heartbroken by his betrayal, she sends Caleb back to Manjipoor. They're finished.

Everything went exactly to Diva's plan, Alex is hurt, Caleb has nowhere to go and all that's left is for Caleb to bring them The Book. Kuru now feels he can no longer be Alex's advisor and quits his job.

Episode 13 – Exiles

When Alex tries to destroy The Book, she finds that it is protected by magic. Unable to convince Caleb to help them, Diva begins a Dark Magic ritual, guided only by what Zamira can remember from reading The Book in the past. It's a success; Diva gains Dark Magic, including the power to jump between worlds, and Kuru sees it all!

While Diva storms the warehouse, seeking The Book, Kuru confronts Zamira, hurt by her betrayal. Kuru learns what Diva's up to and goes to the real world with Caleb to fight. Alex puts up a good fight but her powers are no match for Dark Magic.

It is Caleb who stops Diva from killing Alex, but his efforts don't redeem him for his betrayal.

Diva returns to Manjipoor with The Book where she and Zamira claim the Palace. With nowhere else to go Caleb stands by Zamira, but he doesn't like this at all. Kuru convinces Alex it's pointless going after Diva without The Book. Alex accepts it for now, but this isn't over.

Episode 14 – Trouble Comes To Town

Despite Diva's reign of the kingdom, Alex goes to West Manjipoor to visit Kuru. As they can't beat Diva, they try to cut her power off from the source – the vault. But even with magic, Alex can't close it, nor can she convince Kuru to come to the real world with her.

Life in the Palace bores Caleb; he returns to the real world and runs into trouble with Taylor. In a heated moment Caleb uses his powers against Taylor and Veronica sees!

They have a hard time explaining it. When Alex finds out Caleb's around she makes sure he knows that she wants nothing to do with him.

Episode 15 – Under New Management

Seeing how important it is to Alex, Caleb uses Dark Magic to conjure up money and becomes an investor in the Canal Club.

The band get their gig back! But Alex won't play for him, not when he's using Dark Magic and risks exposing their secrets.

Instead, Veronica and her group get the gig they've always wanted and Alex spends some time with a friend in need.

But Caleb is lifeless. Was Alex too late? Just as Alex kisses him one final time, Caleb returns to life! The Book is safely returned to the Palace, where Kuru and Zamira are together at last, while Alex and Caleb go back to the real world and rock out at another gig.

3.1 The Protagonists

1. Alex

For 17 year old Alex Wilson life couldn't be better.

Having finally mastered being the Princess of a magical kingdom and her real life and schoolwork, Alex finally has everything under control.

So she's moved house, and her sister Zoe is at boarding school. Alex and her best friend Amanda have been accepted into a highly prestigious music program at a new school. But things are about to change. Alex's rule of the kingdom of Manjipoor is troubled by the magic return of Diva. And this time Diva is not alone.

She has recruited the handsome Caleb and his sister Zamira, who are friends of Kuru's from his childhood. Playing on their unfortunate circumstances, Diva enlists Caleb and Zamira to help her uncover the forbidden evil of Dark Magic and overthrow the Princess.

When Caleb and Alex meet, they quickly fall for each other. As their relationship develops, Caleb is torn between his ambitious deal with a dangerous witch and his genuine feelings for Alex as a star crossed love is born.

Diva's quest relies on the mysterious Book of INOK which details all the secrets of Dark Magic. But Alex isn't about to just give up it up. She brings it back to her world, along with Caleb and does her best to protect it. In an attempt to protect those he loves most, Caleb reads The Book and gains Dark Magic powers. In doing so, he gains unrivalled abilities, beginning a process more dangerous than he can handle.

As the threat of Dark Magic grows more powerful, Alex finds her good magic is no match (and is confronted with the reality that Manjipoor is no longer safe.)

Alex has to fight and defeat Dark Magic before the barrier between the two worlds is broken. Suddenly the fate of two worlds rests on Alex...

2. Kuru

Kuru is still the best advisor Alex could have – and also one of her best friends. But when Kuru is lured into a trap by his school friend Zamira, he inadvertently helps unleash the ancient force of Dark Magic upon West Manjipoor.

While Alex and Kuru battle Diva with the help of Zamira's brother Caleb, Kuru starts falling for Zamira, not knowing that his affection for her will soon turn sour when he discovers she's been working for the enemy.

Kuru will be in for the fight of his life, both for the kingdom and his heart.

3. Caleb

Caleb is the series' bad boy – Romeo to Alex's Juliet. He's also Zamira's brother.

He is great looking and tends to charm people with his impressive muscles and slick martial arts moves. Caleb believes in action – not words. He's not a deep thinker. He's physical.

Caleb harbours resentment for the poor situation he and his sister are in and is determined to change it. His ambition for wealth leads him to strike his dangerous deal to help Diva. But the more time he spends with Alex the more he genuinely likes her. Initially he accepts the role as a spy in Alex's midst to play his part in Diva's plan. It's not long before he realizes that being with Alex is the first time in his life he has felt like more than a West Manjipoor tough guy.

While staying in the real world with Alex he is constantly tempted to open the Book of Dark Magic and even though Alex trusts him to help her protect it, Caleb's curiosity gets the better of him. Caleb opens the Book, drawing in the first hit of Dark Magic -- which both excites and scares him. After which he is a different person, who keeps a dark secret.

By the time he decides he wants to completely be with Alex, free of Diva, it's too late, he has already betrayed Alex by giving Diva the Book, and in doing so, given Diva Dark Magic. Alex wants nothing more to do with him, and though she kicks him back to Manjipoor his feelings for her remain.

4. Amanda

Amanda is Alex's best friend and is super thrilled when they both move to the Gold Coast to pursue their dreams of becoming a rocking music act. Amanda's first mission – find a drummer for the band. When Taylor comes along, Amanda thinks he's too good to be true. Cute, well dressed, an awesome warehouse to hang in and a good drummer? I don't think so! Amanda is proven wrong and the threesome becomes a tight knit group, scoring a gig at the local music joint, the Canal Club. But Amanda's loyalties are beginning to be torn between keeping Alex's secret and holding Taylor's knowledge at bay. Especially when he could be a potential boyfriend!

5. Zamira

Zamira is enigmatic and smart – she’s been in trouble at the Palace school and was kicked out for trying to read the Book of Dark Magic. She’s a thinker. She grew up poor in West Manjipoor and was a childhood friend of Kuru. He stayed in the Palace and prospered – she was expelled. Zamira vowed to herself there and then that she’d get her revenge. She’s devoted to secret potions and has a stall in the West Manjipoor market selling them to the locals. She’s starry-eyed and seduced by Diva’s plan to unlock Dark Magic and seize the throne. Zamira loves her brother and wants to protect him. At first he’s more ambitious than she is but she soon devotes herself to Diva’s cause. Her journey through the series sees her attain Dark Magic – but when she realizes just how dangerous Diva is, and that her brother may not survive his allegiance to the witch, she changes sides, joining with Alex and her gang. Zamira is smart and capable – she’s no one’s fool.

6. Taylor

Taylor is a cool cat – he looks like a musician. Great clothes, stylish hair and sunglasses. He’s not a geek. When our story starts Veronica is his girlfriend – he’s smart enough to know she can be vacuous and a bit selfish – but he also knows that never stopped anyone getting ahead in the music business. Taylor is passionate about music – he’s a great drummer who has taught himself to play, engineer and record music and his ambition is to become a music producer. He’s warm-hearted and quickly becomes devoted to Amanda. He can be tongue-tied when it comes to love – but not when it comes to music. Taylor is handsome without being a Calvin Klein model – and he’s not rich.

7. Diva

Diva is back, and is hungrier for power than ever before. After Diva has spent the last two years in a magical exile, she recruits down and out brother and sister team Zamira and Caleb to do her bidding – unlock the secrets to Dark Magic and use them to overturn the Princess.

Once Diva discovers that Caleb has a weakness – his love for the Princess – she exploits it and uses that to get exactly what she wants. The Book of Inok and the right to rule over Manjipoor.

But Diva's craving for riches and stature will go too far. As she gains more and more strength, Alex and the gang will realise that if Diva succeeds, she will not only rule both worlds, she'll destroy them.

8. Veronica

Veronica is a rich girl – and behaves like a Princess. She's fuelled by an abiding sense of entitlement and position and genuinely sees herself as a musical talent. She not only attends the same school as Alex and Amanda – she feels she runs the school. She's a self-appointed arbiter of what's cool, in music, fashion, trends, and, worst of all, people, so Taylor was not only a boyfriend but also a possession. Veronica is the leader of the band – with Gemma and Holly her back-up singers – they accompany her most places, usually two steps behind. Her bravado masks insecurity – and although Veronica is a mean girl – she's not irredeemable. She's just spoiled.
